Memorandum for the Log

7 August 1951

1. Attended a meeting with [redacted] Tietjen to discuss various aspects of handling mental cases occurring in the Agency. There seemed to be no way of solving in advance the various problems that can come up. As a procedural matter it was agreed that Medical take action that may be necessary, simultaneously notifying Security. Then they will notify Personnel who will act as a coordinator of the entire matter, notifying those persons concerned which would include legal, operating office, financial, family, etc. Where there are conflicts between Medical and Security, they will be resolved by the DD/A. 4. [redacted] of ORR requested advice on a letter to Mr. Rice of the Budget Bureau, to be signed by the DCI. It concerned the release of an article authored by Mr. Rice. It was suggested that the citation of the NSCID 11 be deleted in favor of the citation of National Security Act relating to the Director's responsibility for protecting intelligence methods. [redacted] is working on this with [redacted] of I&SS. It was also suggested that [redacted] may wish to discuss the matter with Colonel Hanson. (JSWarner)
